## Changes to this List

Exeter Friendly Society reserves the right (without prior notice when and where necessary) to amend the classification of the hospitals contained in this list in such a way which, in the Society's opinion, is reasonable and commercially necessary. As a result, new hospitals may be added to and existing hospitals deleted from the Hospital Choice List.

If you need eligible in-patient or day-patient treatment, you should refer to the list issued to you upon joining or at renewal (whichever is more recent) to determine which hospitals you may use. You can also contact Customer Support on 01392 35 35 00 to check if a particular hospital is covered.

## Classification of Hospitals

All hospitals on the list are classified as Level 1 or Level 2 based on the charges they make, not by their location. The charges made by a hospital do not determine the quality of care provided.

### Level 1

- Access to ALL hospitals listed

### Level 2

- Access to all hospitals listed under Level 2 only

## NHS Hospitals

Not all of the NHS hospitals listed have designated facilities for private patients.

## Treatment at Hospitals Not Listed

Most specialists have admitting rights to more than one hospital, and will be able to refer you to a hospital within your level of cover. However, occasionally, a specialist may wish to refer you to a hospital that is not covered under the terms of your plan. In certain circumstances, the Society may be able to negotiate a special package price so that you may have treatment at that hospital. If we are able to negotiate a special package price for you, there is a £100 administration fee payable to the Society by you. If this is not possible, it may be necessary for you to change specialist in order to be admitted to a hospital within your level of cover. If this happens, benefits will be available in respect of the charges made by both specialists according to the terms and benefit levels of your plan.

Please note that in rare cases, certain specialised procedures may involve travelling further afield than your local hospital within your level of cover.

If you are in any doubt about whether or not you will be covered, please contact Customer Support on 01392 35 35 00 before you go ahead with any treatment.

## Important

All claims must be pre-authorised by the Society before treatment is received, to ensure the fees are eligible for benefits.

Immediately following referral from your General Practitioner, please telephone Customer Support on 01392 35 35 00, during normal business hours, and they will be pleased to advise you about the extent of your cover and the claims procedure. This will assist in ensuring that you are fully reimbursed for hospital charges.

***Payment will only be made for claims which have been pre-authorised.***
